## Carica Celapi

Carica is a powerful and delicious food supplement made of fermented papaya. Papaya has been called "golden tree of life" and has been a favourite substance from ancient times. Carica is produced from papaya by excellent world renowned Japanese fermentation technology.

Carica Celapi PS501 is made from unripened papayas which have been selected carefully. After taking the skin, seed and juice from the fruit without oxidation, they are fermented and ripened, then dried naturally. There is no process of extracting just one component or chemical treatment. Also there are no additives such as vitamins or calcium. The manufacturing process is natural and holistic.
